The mission of the Federation Association of Jewish Cemeteries is to provide care and ongoing maintenance in perpetuity to cemeteries that were once affiliated with now disbanded congregations or organizations. The Association also provides families with information on the location of their loved one's gravesites and assists in managing the burial process.

The Jewish Federation of Greater Hartford is proud to allocate \$59,000 to the Federation Association of Jewish Cemeteries to continue their work throughout 2012 for the 28 Jewish cemeteries under its care.
