The Pastoral Care allocation assists in covering the expenses of providing a Rabbi, hospice chaplain and a once monthly Protestant service. Hebrew Health Care offers a complete continuum of care to older residents of the Greater Hartford community.

While Hebrew Health Care programs are offered in an Orthodox Jewish environment, providing Kosher food and observation of religious customs, we are non-sectarian in all of our programs, and welcome people of all religious and ethnic backgrounds.

The Jewish Federation of Greater Hartford is proud to present Hebrew Health Care with \$140,900 to continue fulfilling its mission.
